***Beal pass rates are higher than national averages in all measures and Beal 2017 results are better than Beal 2016 results in all those measures that are comparable this year.***

We are delighted with an extremely strong set of GCSE results from our Year 11 students, representing one of our best ever years in attainment achieved within a highly inclusive culture.

The overall Attainment 8 score has improved on last year from 53.4 in 2016 to 55.8 this year. English and Maths have performed exceptionally well at every level. This means that 82.8% of our students have achieved a standard or better pass in English and Maths (4+). This represents a 10% increase on last year.

### Some good news stories:

- The number of students achieving an A\*/A in Maths and English, was well above the 2016 National average - with 48.4% of our students achieving A\*/A in Maths (NA 16%).
- Amongst that, an amazing 12% of our students achieved a 9 in Maths and 6% achieving a 9 in English.
- 89% of students achieved a good pass (4+) in English – this is well above the national average (74% in 2016)
- 30 (13%) of our students achieved A/A\* in 8 or more subjects
- 10 students achieved at least 10 A\*/A

Students who have achieved exceptional results, with each gaining 10 or more A\*/A grades (or 7-9) include:

BUTLER Niamh  
CHAUDHRY Yusuf  
HUSSAIN Amana  
JASIMUDDIN Ziyad  
JHUREE Rohan  
MUSHTAQ Shenel  
NARBHERAM Anjali  
SHARMA Megha  
SHARMA Nikhil  
SULEMAN Hamza

We estimate that our "Progress 8" score will be positive when this comes out in the Autumn.

### Progression

- 202/213 (95%) of all those that applied to Beal High School 6<sup>th</sup> form were given an offer at Beal
- 86.7% placed at Beal High School (in 2014, 36% stayed in school 6<sup>th</sup> form Nationally, Beal = 79%)
- Currently all other students have places in further education colleges/6<sup>th</sup> form colleges. This will need to be verified in September.
