Please note:

- During the mock exam weeks, students **will not** be on study leave. It is crucial for students to attend their timetabled lessons as normal, unless in an exam. Attendance will be closely monitored and students must remember that maintaining an excellent attendance plays an important role when applying for Sixth Form. During lessons class teachers will supervise students revising for their upcoming exams.
- The results of these exams will inform the predicted grades used for Sixth Form applications. These results also inform the tier of entry in Maths, Science, French, German and Spanish.
- Students will be issued with personalised timetables during form time on Monday the 16th of December.
- Exams will be held under JCQ exam regulations to prepare for the standards expected in their GCSEs. These will be explained to students in depth, but it is important to note that the presence of mobile phones or watches in the exam hall constitutes malpractice, and could result in disqualification from their mock exams.
- Students will be asked to leave their bags and coats in the PE changing rooms as per their July 2024 core exams.
- Some exams require students to have a calculator with them – It is important they are well equipped and prepared for these exams. Students should ask their subject teacher should they have any queries regarding equipment.

Year 11 Results Afternoon – Monday 10th February 2025

Students will receive their progression exam results during Period 5 on Monday 10th February, along with their spring term progress report. This report will also be sent home to parents and carers on that day. The predicted grades on this report can be used for Sixth Form applications.

Parents' Evenings – Tuesday 11th February 2025, 3:30pm-6:30pm

You will be able to meet with subject teachers for individual student feedback.
