'Students' personal and academic development is top-notch'
OFSTED

At Beal High School, we offer every child:

An ambitiously broad and balanced curriculum:

Across all three key stages, we deliver 28 subjects and over 60 qualifications to meet the needs of all children and facilitate many pathways of progression.

Excellent teaching:

Dedicated subject specialists who go above and beyond to ensure every child achieves their academic potential.

100% progression:

Whether university, apprenticeships or employment, our students secure places on competitive destination pathways, boosted by our substantial alumni network.

Brilliant student support:

Bespoke pastoral care with access to wider services, our students develop resilience, autonomy and independence.

Wider enrichment:

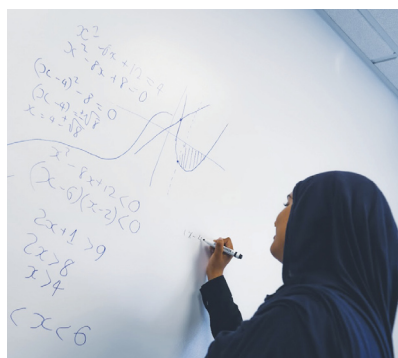

Weekly super-curricular opportunities to thrive, from clubs and sports to trips, guests and special events to pursue passions, build confidence and develop leadership skills.

Outstanding 6th Form

We are delighted that you are considering us for your child's secondary education, a seven year journey from year 7 to 13.

We want our students to be:

- Successful learners who enjoy learning, make progress and achieve their full potential
- Confident individuals who are able to lead safe, healthy and fulfilling lives
- Responsible citizens who make a positive contribution to society

Our students join Beal Sixth Form post-GCSE, where they can follow four pathways to progression from A Levels and Vocational courses to the three-year pathway across campuses at Beal and The Forest Academy. Our new BSF Maths School is designed to provide a pathway for students interested in studying mathematics related disciplines at university and pursuing mathematics intensive careers.
