

## **A Level and Vocational Results 2026**

*The largest school sixth form in the country celebrating another year of strong achievement.*

### **One in 3 students achieved A\* - B**

Two-thirds of all 23 subject A Level entries are grade C or above.

### **Subjects and pathways that shone**

- **Maths** A Level students achieved over **50% A-B grades including 25% A\* - A**
- **Religious Studies** achieved over **50% A\* - B grades and over 80% achieved A\*-C**
- **English Literature, Geography and 3D Design** all recorded 100% pass rates with strong A\*-B figures.
- Our Vocational Blended Pathway delivered excellent outcomes with **Business, Media and Science** National Diplomas achieving 100% pass and strong numbers of DD+ (Distinction) grades.
- The **Three Year Pathway English and maths resits** continue to far exceed the national average offering a foundation year with re-sit success at triple the national average, opening Level 3 study to students who need it most.

*'We are immensely proud of everything our students have achieved this summer. These results reflect real ambition, hard work and dedication, and the commitment of staff across both campuses. They ensure progression and destinations for all of our students 100% of students have secured progression routes to university, degree apprenticeships, training or employment.'*

**Aminul Islam, Head of Beal Sixth Form**

### **YUKI ADAGBASA – A\* Economics, A Geography, A Maths**

“I feel absolutely delighted. I’ve worked incredibly hard for these results, and it’s paid off. My message to other students is simple: don’t give up, stay focused and keep working hard — you’ll get there.”

Yuki has accepted a place at Warwick to study Economics and Management.

**Victoria Goreanu** is progressing to study Architecture at the University of Greenwich this September. Victoria said “I like the fact that I got a second chance on the three-year pathway. I loved the environment and making new friends. I feel if I had gone straight into A-levels I may not have been as successful as I have been.”

#### **LILIANA GORNIK – A Maths, A Biology, B Chemistry**

Liliana has accepted a place at Bristol University to study Veterinary Science.

“Thank you to all my teachers.” Liliana’s mother also stated: “I’m just exceptionally happy and so proud of her.”

#### **DESIRE OLUSOTO – A\* Sociology, A\* Biology, A Chemistry and A EPQ**

“I was incredibly nervous opening my results, so I’m absolutely delighted. I want to thank my teachers for their hard work, support and dedication throughout. I couldn’t have done it without them.”

Desire has accepted a place at Warwick to study Biochemistry

**BESARD PERVANA**, studying at the TFA campus, achieved three distinctions in BTEC Business and IT and has secured a place to study Computer Science at Brunel University London.

#### **ARNOB GHOSH – A\* RS, A Biology, A Chemistry, A EPQ**

"Three years ago I never thought this would be possible. Today I'm walking away with the grades to study medicine — I couldn't be prouder."

Arnob has accepted a place at City St. George’s University to study Medicine.
